### **PSC ISSUES DECISION IN TBJ SEWER SYSTEM, INC. RATE CASE**

Jefferson City (February 14, 2003)---The Missouri Public Service Commission has approved an agreement which authorizes TBJ Sewer System, Incorporated to increase annual sewer revenues by approximately \$1,000 effective February 17, 2003.

Based upon a thorough review of the Company's books and records, it was determined that a rate increase was necessary to cover the cost of operating and maintaining the sewer system. Under the agreement, residential customers will experience a decrease of 4.45% in their monthly rates from \$22.00 a month to \$21.02 a month.

The agreement approved by the Commission was submitted by the Staff of the Missouri Public Service Commission, TBJ Sewer System, Incorporated and the Office of the Public Counsel. The Office of the Public Counsel is a separate state agency which represents the general public in matters before the Missouri Public Service Commission.

TBJ Sewer System, Incorporated serves approximately 16 residential sewer customers and one commercial customer in Franklin County near Villa Ridge, Missouri.
